

Summer

English

Who was Eva? What would Bruno write in his diary? What would Bruno say in a letter to his old friends from Berlin?

This term, our learning will focus on the book,

'The Boy in the Striped Pyjamas'

At the end of our topic we will produce a piece of writing imagining what life might have been like in Berlin during

World War II.

Maths

This Term we will be focussing on measure but we will including area, perimeter and converting measures.

We will also be revising several of the topics that we have learned about this year including;

Numeracy This term the children will cover a range of topics including: Number and Place Value, Addition and Subtraction Measurement, Properties of Shape, Multiplication and Division Fractions, Decimals and Percentages Geometry: Angles, Position, Direction and statistics.

Whole School Value

This Term our school value is Tolerance for those with/without and different faiths

Science

Plant reproduction and Lifecycles

In science we will be learning to plan and carry out comparative and fair tests, making systematic and careful observations. Grow a range of vegetables from seeds, cuttings, tubers and bulbs across the different seasons and note the conditions needed for growth.

Use relevant scientific language and illustrations to discuss, communicate and justify their scientific ideas We will also look at plant similarities and differences and will explain why plants have flowers and why it is important for them to attract insects and other pollinators.

P.E.

Year 5 participate in swimming lessons every Tuesday.

On Wednesdays we will be continuing with Table Tennis lessons
